# **2018 Season Review**

In 2018, SLRUFC competed in the -

- Premier Grade,
- Reserve Grade,
- U20s / Colts Grade
- Third Grade,
- Ladies Premier Grade; and
- Golden Oldies.

Our All Abilities team also completed a great year with many games at the Golden Oldies carnivals.

2018 has been a memorable and history making season, with Southern Lions competing in Premier Grade for the first time.

The season started off with several highs including our first Premier Grade win against Joondalup in April, 35-31. We followed this up with exciting wins against Coastal Cavaliers, Arks and Wanneroo.

These wins left Southern Lions in a very strong position to qualify for the Div 1 Finals.

However, lady luck deserted us, and a combination of injuries and player drain resulted in a slide out of Div 2 Finals.

Nonetheless, there were some very encouraging performances throughout the season and there is undoubtedly a very strong core group for 2019 and beyond.

## 31<sup>ST</sup> Annual Club Presentation Dinner

---

There is lots of work to be done ON and OFF the field over the coming months, but all at Southern Lions should be looking forward to an exciting 2019 and the growth of our fine club.

The season began with the City of Cockburn 10s in February, Premier rugby at the end of March, start of the Junior season, and Junior Finals on now – Good Luck to all!!

What a roller coaster year of emotions it has been!

### **Season Reviews for Senior Teams**

#### **Ladies**

Who would of thought 2018 the Lionesses would take on a new challenge and combine with the Divas rugby team from the Wanneroo Rugby Club. Due to low numbers from both sides we merged and become the DIVAZ-LIONESSES.

At the start of the season, our plan was just to get the players playing as a team and improve on our fitness. We started with 26 players, which quickly reduced each week, until only the strong were left to survive.

The coach made a conscious decision to create a new team structure, ethos and atmosphere, headed by the principles and values of the game. Since then, the team as a whole has continued to strive for these goals and skills both on and off the field. Accordingly, credit goes to Coach/captain Pareana Taitoko who has emphasised the “work hard and reap rewards” philosophy in an enthusiastic environment, motivating

## 31<sup>ST</sup> Annual Club Presentation Dinner

---

and challenging us during our training sessions and the entire season.

Unsurprisingly the ladies were keen to get onto the contact aspect of the game, and this was slowly built up through the use of tackle bags and structured drills.

The forwards were fierce, dominated, experienced and they knew how to put up a great fight. The back line demonstrated a real flair for open, running rugby – particularly as their confidence grew. With a mixture of experience, mothers, raw youth and ones carrying injuries, Captain Pareana led her team to the Semi-Final against Palmyra and with great big hit ups and hard defence the Divaz–Lionesses unfortunately played our last game for the season not making it to the Grand Final.

It has been a rebuilding, reshaping and consolidating year. Although we have done well, and we probably all feel a little disappointed with not making the Grand Final, to some extent this is what makes our lack of success hard to accept as we showed many times that we were the equal of teams in the women's comp but were unable to gain the results when we could have or even should have won.

A big thank you to our Sponsors Aqua Mining, and to Southern Lions for their endless support allowing us to come together as one.

2018 has been an awesome experience.

***Tanya Leituala (Player)***

## Premier Grade

The 2018 season for the Premier side was one of excitement, frustration and disappointment all in one. As the season approached the challenge of being in the Premiership competition for the first time became a reality and there was real enthusiasm around the club and within the team. Once underway the season reminded me so much of the movie the titanic. Just like that huge ship we were sailing along at a rate of knots and after 8 rounds found ourselves in 7th place 1 point out of the top 6 and having knocked over Joondalup, Wanneroo, pushed Kalamunda to within 3 points and beat Arks in a thriller 50 45.

What was to follow was very unexpected to say the least, but just like the Titanic we to hit an iceberg at full speed the only difference being our iceberg was full of players who decided they wanted to disembark the ship and leave the rest to try and keep the ship afloat. By the time the water had settled 10 weeks later the team found itself relegated to 12th position without recording another win.

There is without doubt that the season could have been to so much more successful had everyone stayed on board and been prepared to fight with the rest of us and to be honest who knows where we could have finished up but one will never know.

Is it all doom and gloom, **NO**, that would be unfair as there were times this season that the boys played some great rugby and proved their worth as a Premier side. Some of the tries scored were outstanding and our defensive effort against Wanneroo was to be

## 31<sup>ST</sup> Annual Club Presentation Dinner

---

commended. All the players grew their games and backed their own ability to perform at this level which holds us in good stead going forward.

Now with the season over, the learning from this season must be identified and acted upon as the last 10 weeks is not why players or coaches get involved in the game they love.

Together as a club we need to work tirelessly in the off season to put in place programs or systems where by players are clear and understand the values of the Southern Lions Rugby Club so they are under no illusions about what is expected from them for the 2019 season and beyond.

Absent: Isiah Pedersen

## **Colts (U20s)**

2018 saw a return to Colts Rugby with as few as 3 players at the first training session to a consistent 16 players trotting out for the club. Whilst the aims of the club were to retain a slot in the premierships rugby ranks the colts aims were simpler. They wanted to maintain a team on the field every week and to improve their overall performance on a week by week basis. We achieved this and while not counting the number of wins and losses they were able to clearly see an improvement in player and team ability throughout what was a hard year.

There are talented players within the team and with an average age of 17 playing in an under 20 age group competition they have succeeded where other major and premier clubs have failed. Stretching from 16 to 19 they have the facility to retain 90% of their numbers for 2019 dependant on how the WA Rugby structure the age groups and the competition and on which priority they place the teams in the 2019 season.

Hats off to those players that made the field for either second grade or the premier team this year and with a spread of ages that only allowed 50% of the team to play at senior level a participation level of 50% was good to see.

Congratulations to each of the players the majority of whom have achieved their targets and aims for the year. Let's look forward to 2019 and ensure that they get the chance to play together again.

## **Reserve Grade**

Where to start, well another season's over and what an interesting one it's been!

When I look back months ago, I would never have thought that we'd do so well. Starting pre-season with a lot of players with a mix of backgrounds, we've had our share of successes picking up a few wins against teams that we never thought would be possible. Another big plus was the head coach commenting on how/what we needed to do to improve in certain areas of our game. We've also had our share of problems too – with our numbers dropping due to injuries and also players working away.

At start of the season our plan was just to get the players playing as a team, and improve support play and tackling and this was a success. As the season progressed, both our Forwards and back line demonstrated a real flair for open, running rugby – particularly as their confidence grew – and by half of the first round the penny dropped with the players asserting themselves correctly in training and for games. This was when the team began to look as if they had been playing together all their lives.

Although we have done well, and probably all feel a little disappointed with some of the games we should have won, it's important to remember that we'll need to be every bit as good next year, and I feel we've learnt some valuable lessons.

One of the great things about this sport is that there's always room for improvement, we can all work on doing something just a little better. When everyone

## 31<sup>ST</sup> Annual Club Presentation Dinner

---

does that, the results can be amazing. And, if there's one thing I know about each and every one of you, it's that there isn't anyone who wouldn't give their all for the team and the club. Thanks to all of our supporters - from the juniors to our senior members.

A special thanks to my mentor and good friend Brett Fell for all the lessons. Thanks to my managers, and good friends, Angus Harriman & Cynthia Harriman for keeping the team refreshed at halftime and after the game. And one last thing, thanks to all the colts and silver lions for stepping up when the call went out.

## **Third Grade**

The Third Herd had mixed year, achieving just the one win, although beating Soaks at Allen Park is always a good thing.

The year started slowly with numbers low and an unclear future, but slowly the stalwarts of the game emerged from the summer hiatus and a team assembled.

Confidence was high after the preceding 2 years and the experience collectively was well over 300 years.

A simple game plan was devised to assist the pack from running from side to side and to give the backs as much space as possible.

We were competitive in most games but let a few slip away after leading.

The playing roster varied from week to week but the squad was spirited and happy.

I would like to thank the entire squad for their efforts this year - ESPECIALLY the bench with a silver lining.

And to those who now take their leave from the game, enjoy your retirement as best you can, but remember the fire you lit so many years ago is not extinguished easily.

Also a big thank you to our manger Geordie, and the wonderful and patient medical staff.

## **Oldies / Silver Lions**

What a great season! Even though no-one really knows how many games we "won" or "lost" (they are all "draws" at our level, and we tend to forget results after a few medicinal beverages), we take great comfort in having welcomed many new players who have thoroughly enjoyed our special brand of the game and will hopefully stick it out for at least another few seasons of fun and frivolity.

To list a few accomplishments this year we have -

- A regular playing roster of over 20 players
- Hosted two carnivals
- NOT LOST TO PALMYRA
- Provided safe and reliable support for our comrades in the "all-abilities" fixtures
- Established ourselves as the ultimate rugby destination within the club - an exotic, eclectic "go-to" group of colourful characters, where age defies gravity and the cumulative majesty of past skills combine with carefully crafted choreography in a crescendo of creativity on the field - must be seen to be believed!

The list could go on!

A special thanks to all who have helped us gel into a warm, friendly and respected group of players and associates, especially our committee members, Gus our on-field captain, Cynthia, our team manager, Gastro our treasurer and all the volunteers who have helped with fundraising and other events.

## 31<sup>ST</sup> Annual Club Presentation Dinner

And special thanks to our mother-club, the Southern Lions, without whom none of this could be possible. We look forward to our end-of-season "Duchenne" charity match with the Seniors on 15th September and to a great 2019.

## **All Abilities**

Season two of the Southern Lions All Abilities Rugby Union Team has been progressive and successful and most enjoyable for all concerned.

Progressive - due to the increased number of players taking part and the amount of games being played.

By seasons end we will have participated in six games at different venues around Perth.

Successful - due to the vastly improved all round skill levels displayed by these fine young men.

Enjoyable - due to the camaraderie and team spirit that has developed within the entire squad, players, coaches, management.

While the concept of All Abilities Rugby was embraced by the Southern Lions from day one we now have the support of the Golden Oldies movement throughout Perth.

Their enthusiasm and support for the All Abilities concept has been a breath of fresh air for all concerned.

The enjoyment our players get from the interaction and game time with the Golden Oldies can only be described as "priceless".

Our sincere thanks to them for the time and effort, may it long continue.

As is often the case Mike Penhaligon is once again the driving force behind this project with tireless work behind the scenes as usual.

Thanks also to Justin Arthur for not only his coaching skills but also his "Big Brother" skills in becoming a friend and mentor to all the players.

## 31<sup>ST</sup> Annual Club Presentation Dinner

---

Our team manager Mike “Red” Cairns is another who has had a major impact on the teams improvement, always there setting up our training grid, looking after our gear and assisting in coaching sessions. A great team and club man.

During the season we have had many Southern Lions players lend a hand, none more than Mark Gidvani whose invaluable assistance on a regular basis is greatly appreciated.

Also playing a roll assisting on a regular basis is Dave Reid another who has embraced our All Abilities “extended family” concept.

Collectively the personnel involved with the All Abilities team not only strive to teach the boys rugby skills but also try in some small way to improve their all-round wellbeing and quality of life. That is our goal.

I know I speak for the families of all the boys involved when I again say thank you to the Southern Lions Rugby Union Club for making rugby dreams come true.

# 31<sup>ST</sup> Annual Club Presentation Dinner

## Club Song

*To the tune of "Oh when the Saints"*

**Captain:** Oh when the Souths,

**Team:** OH WHEN THE SOUTHS!

**Captain:** Go marching in,

**Team:** GO MARCHING IN!

**All:** Oh when the Souths go marching in,  
Oh how I want to ROAR with the Lions!  
(ALL ROAR)  
Oh when the Souths go marching in.

**Captain:** Oh when the Souths,

**Team:** OH WHEN THE SOUTHS!

**Captain:** Go marching in,

**Team:** GO MARCHING IN!

**All:** Oh when the Souths go marching in,  
Oh how I want to ROAR with the Lions!  
(ALL ROAR)  
Oh when the Souths go marching in.
